

Manual-Limit-Order-Maker

User's Manual

by Den Murakami (EliteIT4U team)

Manual Limit Order Maker allows you to set 2 price levels: one for Buy, another for Sell order. As soon as price crossed one of these 2 levels - EA makes an order and set SL/TP based on your settings. Also, it has trailing SL parameters which you can use. Once you get one order, 2nd price level will be removed.

This tool is very useful on news trading. You can set desired levels before upcoming news and get an order as soon as price comes to any direction. Also, it's pretty safe, because order gets SL/TP and trailing too.

Installation and Setup:

Short Guide on Expert Advisors/Indicators installation on MetaTrader 4 Client Terminal build 600

“As a result of the recent MetaTrader 4 (MT4) Build 600 upgrade implemented by MetaQuotes, the folders within the MT4 folder have moved. In addition, the MQL4 language has changed, and this may have interfered with your installed Expert Advisors (EAs) and indicators. As a result of this upgrade, you should firstly save your EAs and indicators in the new folder location, which is: **MT4 > MQL4 > Experts/Indicators.”**

LET US HELP YOU TO FIND THIS NEW FOLDER:

Start MetaTrader4. Select File in the menu, Open Data Folder.

You will be in a special MT4 folder: its name may vary depending on your broker. But that's the folders you will see:

Now, open MQL4 folder. Here you will find Experts and Indicators folders:

Copy and paste robots inside Experts and indicators inside Indicators.

Copy-Paste: ManualLimitOrders.ex4 to Experts folder

**Now RESTART MetaTrader4. The files will appear under Navigator list.
Relaunch MetaTrader 4**

The Navigator panel displays all the accounts, indicators, expert advisors, custom indicators, and scripts available to you. Let's focus on Expert Advisors for now.

If you followed the simple instruction above, you should see ManualLimitOrders under Expert Advisors.

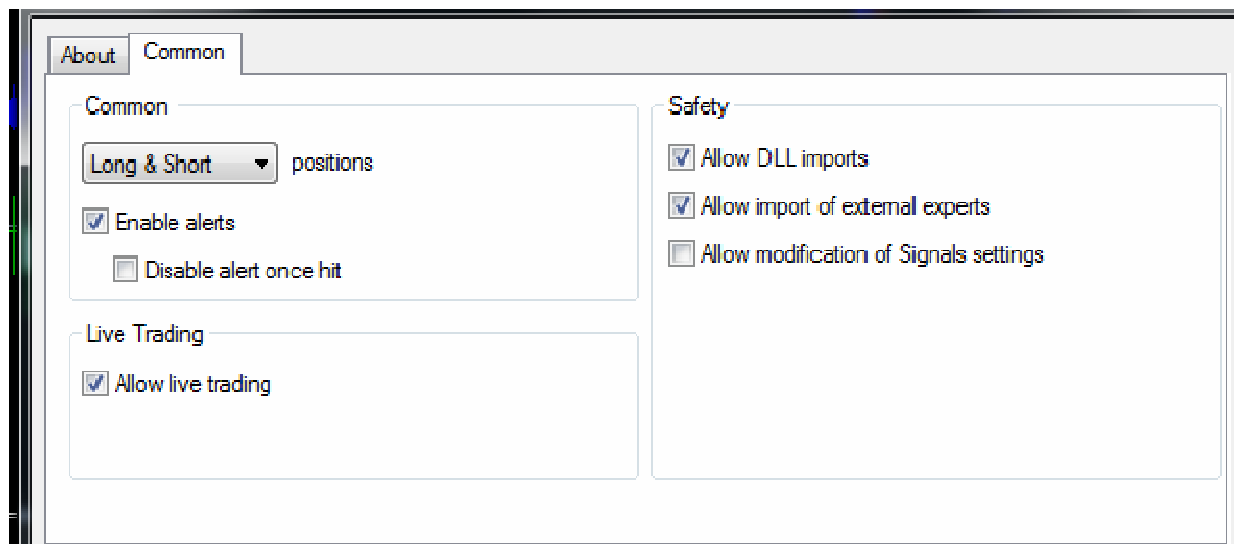

If you don't see it there, please make sure you have placed the file ManualLimitOrders.ex4 in the correct folder, as described above. Relaunch MetaTrader 4 and check Expert Advisors again.

Common settings:

These settings should be same as on the screenshot. Simple tic these things.

In the “**Inputs**” tab, you’ll find the variable parameters of the robot:

- ☒ **MagicNumber:** any number to identify your order in journal
- ☒ **Lot:** lot size
- ☒ **TakeProfit:** initial Take Profit value of the order
- ☒ **Stop Loss:** initial Stop Loss value of the order
- ☒ **PriceBuy:** set desired price level to make BUY order
- ☒ **PriceSell:** set desired price level to make SELL order
- ☒ **SL_Fixed:** first move of trailing SL will be to this point
- ☒ **SL_Distance:** distance between SL and price

Easy to calculate: If you have SL_Fixed 5 and SL_Distance 7, means that at +12 Pips profit, SL moves to +5 Pips(Fixed) and follow the price on +7 pips distance(Distance). Each 1 Pips.

Enjoy Trading with Manual Limit Order Maker!

4 PRIVACY POLICY

The Team holds and protects the privacy of the collected information, especially the Customer's personal data in the highest regard in all circumstances. The Team takes the protection of the Customer's privacy and personal data serious according to the relevant data protection laws and regulations. When the Customer uses a link to go from the Website to another website, the Team's Privacy Policy is no longer in effect. The Customer's browsing and interaction on any other website, including websites, which have a link on the Website, is subject to that website's own rules and policies. The Team is not responsible for the practices employed by websites linked to or from the Website or the data or content contained therein.

Types of collected data

During the purchase and installation processes the Team gains the Customer's following personal data: - name; - e-mail address. Please, note that, the data in connection with the Customer's registered account could be the part of the Websites' content without mentioning the Customer's name or any other data, which could identify the Customer. Furthermore, when the Customer visits the website, the Website uses data, collected on an aggregate basis as the Customer and others browse the Website. The Website utilizes a standard technology called "cookies" and web server log files to collect data about how the Website is used. Besides the Team collects and stores automatically technical (internet browser type, operating system, referrers, IP etc.) data, which the Customer's Internet browser conveys.

Cookies

Cookies are usually small text files, given ID tags that are stored on the Customer's computer's browser directory or program data subfolders. Cookies are created when the Customer uses the browser to visit a website that uses cookies to keep track of your movements within the site, help the Customer resume where he/she left off, remember the Customer's registered login, theme selection, preferences etc. Cookies do not allow the Team to gather any personal data about the Customer and the Team does not intentionally store any personal data that your browser provided to the Team in the Customer's cookies.

Usage of the provided data

The Team uses these data for purposes of administering business activities, providing the products and requested services, to process payment, to monitor the usage of the service, marketing and promotional efforts (as an example: sending newsletters, advertising) and improve content and service offerings, and customize the Website's content, layout, services, etc. The Team does not share, sell, lend or lease any of the data that uniquely identify the Customer with anyone except to the extent it is necessary to process transactions or provide services that the Customer has requested.

5 FOREX TRADING RISK DISCLAIMER

Forex has profit potential, but it has also huge risk potential. Therefore this kind of trading is not recommended for everyone. Before the Customer invests any amount of money, it is practical that the Customer informs himself/herself carefully about the opportunities and risk from a lot of various aspects (financial, legal, fiscal etc.)Any transaction involves risks including, but not limited to, the potential for changing political and/or economic conditions, that may substantially affect the price or liquidity of a currency. Because of the facts mentioned above the Customer should risk only that amount of money that he/she can afford to lose. Any statements, descriptions which can be found at the website shall not be deemed as financial advice. The Team does not guarantee the accuracy and verity of these descriptions.

All information on the Website falls, including, but not limited to attributes and descriptions related to the Product and/or the Team and/or any other third parties, under subjective judgment. The Team does not warrant this information's accuracy and verity. These attributes and descriptions shall not to be considered as advertisements.

Past performance of any trading system or methodology is not necessarily similar or indicative of future results. The hypothetical performance results have certain limitations. The simulated results do not represent actual trading. No representation is being made that any account will or is likely to achieve profits or losses similar to those shown. Furthermore, the Customer agrees with the following article, which is almost the same as the 4.41 rule of the U.S. Commodity Futures Trading Commission.

HYPOTHETICAL OR SIMULATED PERFORMANCE RESULTS HAVE CERTAIN LIMITATIONS. UNLIKE AN ACTUAL PERFORMANCE RECORD, SIMULATED RESULTS DO NOT REPRESENT ACTUAL TRADING. ALSO, SINCE THE TRADES HAVE NOT BEEN EXECUTED, THE RESULTS MAY HAVE UNDER-OR-OVER COMPENSATED FOR THE IMPACT, IF ANY, OF CERTAIN MARKET FACTORS, SUCH AS LACK OF LIQUIDITY. SIMULATED TRADING PROGRAMS IN GENERAL ARE ALSO SUBJECT TO THE FACT THAT THEY ARE DESIGNED WITH THE BENEFIT OF HINDSIGHT. NO REPRESENTATION IS BEING MADE THAT ANY ACCOUNT WILL OR IS LIKELY TO ACHIEVE PROFIT OR LOSSES SIMILAR TO THOSE SHOWN. THE RISK OF LOSS IN TRADING FOREIGN EXCHANGE (FOREX) CAN BE SUBSTANTIAL. THE CUSTOMER SHOULD THEREFORE CAREFULLY CONSIDER WHETHER SUCH TRADING IS SUITABLE FOR HIM/HER IN LIGHT OF YOUR FINANCIAL CONDITION. THE HIGH DEGREE OF LEVERAGE THAT IS OFTEN OBTAINABLE IN FOREX TRADING CAN WORK AGAINST THE CUSTOMER AS WELL AS FOR THE CUSTOMER. THE USE OF LEVERAGE CAN LEAD TO LARGE LOSSES AS WELL AS GAINS.

6 LIMITATION OF LIABILITY

All information, which has been given by the Team on the Site or via the Product, is for educational purpose only and is not intended to provide financial advise. This Site and/or its affiliates assume no responsibility for your trading and investment results. All income or results are considered as back tested results, and non-typical. Not all users can achieve this result. Your results will be varied. Only the Customer is liable for the understanding and interpretation of all information. Any statements, statistics and representations about profits or income, expressed or implied on the Site do not represent a guarantee. The Product website and email newsletters contain "forward looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21B of the Securities Exchange Act of 1934. Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, goals, assumptions or future events or performance are not statements of historical fact and may be "forward looking statements." Forward looking statements are based on expectations, estimates and projections at the time the statements are made that involve a number of risks and uncertainties which could cause actual results or events to differ materially from those presently anticipated. Past performance is not indicative of future results. The Team does not warrant that any account will achieve profits or losses similar to those showed on the Site. The Team does not give any kind of income/profit guarantee to the Customer in connection with using the Product. The Customer is an independent and self-directed investor.

Therefore, the Customer alone is responsible for his/her trading results. Customer shall not hold the Team or any of its employees, affiliates, partners, for investment decisions. The Customer agrees that the Team is not liable for any damage, loss, expense, including but not limited to any trading losses on the Customer's account, which may arise indirectly or directly from the usage of the Product. The Team shall not be liable to the Customer for any losses, damages, expenses incurred by the Customer for any reason, including but not limited to lost profits, trading losses and similar damages. Under no circumstances shall the Team be liable to the Customer for direct, indirect, incidental, consequential, special or exemplary losses, damages, expenses, liabilities, demands, charges and claims of any kind or nature whatsoever, arising from or relating to the Site, the Product or your use or misuse of the Product or any other services provided by the Team.

The Customer acknowledges that the Team warrants only the delivery of the Product. The Team under no circumstances warrants any profit on the Customer's trading accounts. The Customer agrees that he/she is responsible for any kind of damages, loss, and expense arising indirectly or directly from using the Product or related anyhow the working of the Product. The Customer understands and accepts the Team will not be held responsible for the completeness, reliability or accuracy of the information (including, but not limited to texts, graphics, statistics, links) available on the Website.
